

Dissection of Archimedean to Rhombic Solids, Icosahedral Symmetry, Part 1

Izidor Hafner

1. Icosahedron + dodecahedron + icosidodecahedron

2. Icosahedron + truncated dodecahedron

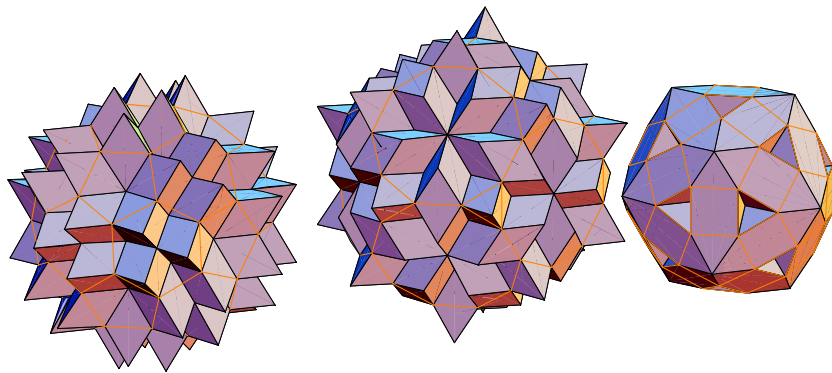

3. Dodecahedron + truncated icosahedron

4. Icosidodecahedron + rhombicosidodecahedron

5. Truncated icosahedron + truncated dodecahedron + rhombicosidodecahedron

6. Truncated icosidodecahedron
