

Dissection of Archimedean to Rhombic Solids, Icosahedral Symmetry, Part 2

Izidor Hafner

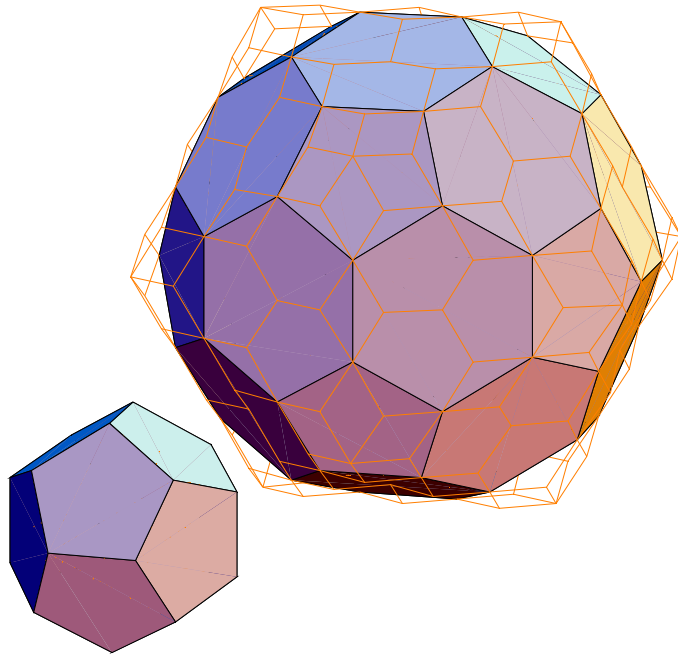

1. Icosahedron + dodecahedron + icosidodecahedron

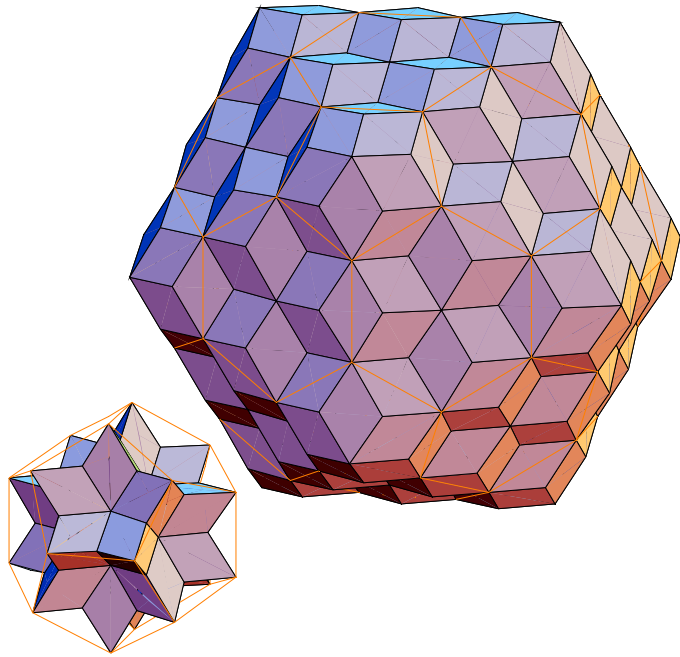

2. Icosahedron + truncated dodecahedron

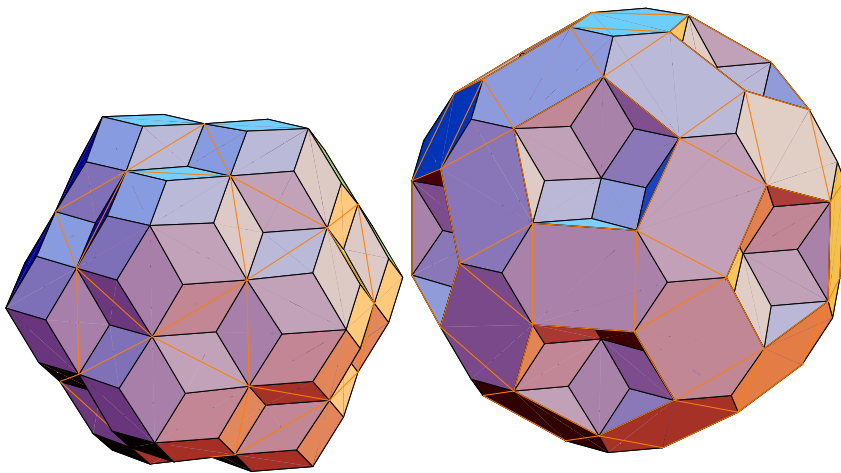

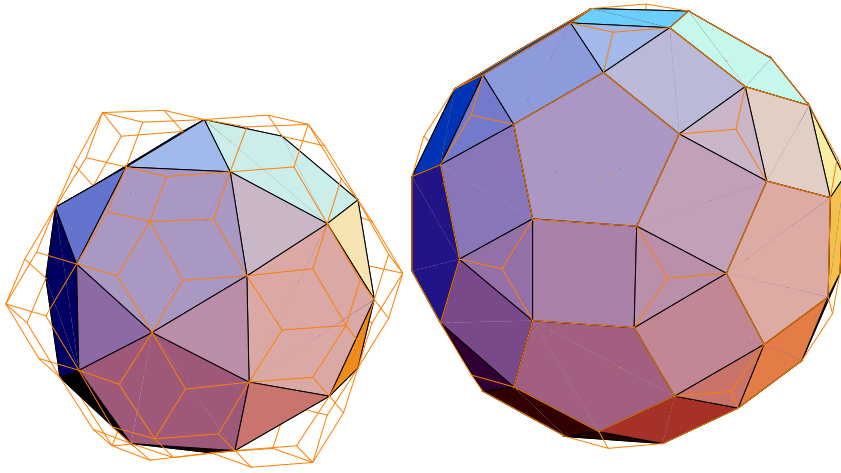

3. Dodecahedron + truncated icosahedron

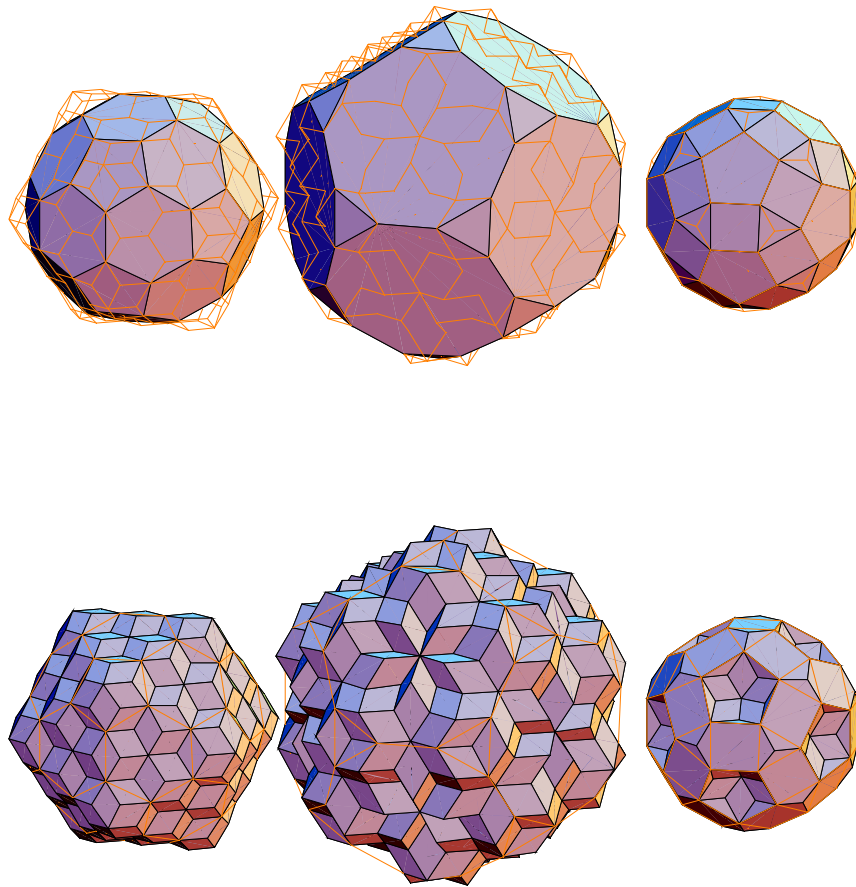

4. Icosidodecahedron + rhombicosidodecahedron

5. Truncated icosahedron + truncated dodecahedron + rhombicosidodecahedron

6. Truncated icosidodecahedron
